Lumbee River Electric Membership Corporation Interconnection Application  
for Small Qualifying Facilities of 25 kw and Less

Requirements for Interconnection of Member-Owned Small Qualifying Generation Systems form must be submitted with this application along with required information. There is no fee associated with this application but a non-refundable interconnection fee of \$400 will be due when the Standard Interconnection Agreement is signed.

Estimated Install Date: \_\_\_\_\_

Estimated In-Service Date: \_\_\_\_\_

The member understands and agrees they are liable for and shall bear any costs associated with any power quality, reliability, safety issues or problems created by the interconnection and operation of their generation system at any time, and that they are prohibited from altering the accepted design without submitting a new "Application to Interconnect A Small Qualifying Facilities Generation System" and obtaining new approval.

The Cooperative reserves the right at any time, in its discretion, to amend or modify the Small Qualifying Facilities Generation System program standards and guidelines.

As the member-owner of the generator system, I hereby certify to the best of my knowledge, all of the information provided is true and correct and that the small renewable generator system will comply with Lumbee River EMC's interconnection standards and requirements. I also authorize Lumbee River EMC to contact the manufacturer, installer, or any other party associated with the installation, as may be necessary to process my application and ensure compliance with the program standards.
